Re: Proposed annexation to the
City of Azusa, Southerly
Annexation No. 34 (Revised)

Dear Mr. Miller:

At the meeting held on February 18, 1959, the County Boundary Commission reviewed the boundary description and map submitted by you with your letter of February 17, 1959, of the proposed annexation of territory to the City of Azusa. This proposed annexation is a revision of "Southerly Annexation District No. 34" which was reported on by the Commission on December 3, 1958.

The Boundary Commission wishes to call attention to the fact that not all of Lark Ellen Avenue adjoining the southerly portion of this annexation has been included. It would appear, therefore, that this annexation is in violation of Section 35304.5 of the Government Code which reads in part: "---territory consisting of property abutting on a street, highway or road and such street, highway or road to the extent that it abuts such property together with any street, highway or road which connects such territory to the city may be annexed to a city pursuant to this article---".

Although the boundaries submitted do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable upon recommendation of the County Engineer slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code.

With these revisions, the Boundary Commission approved the boundaries of the above proposed annexation only as to definiteness and certainty. A copy of the revised legal description, approved as indicated, and a list of special districts involved are enclosed for your use.

Very truly yours,

GORDON T. NESVIG, Secretary
COUNTY BOUNDARY COMMISSION

Attention Mr. G. T. Nesvig, Secretary

Dear Sir:

CITY OF AZUSA
"SOUTHERLY ANNEXATION DISTRICT NO. 34 (REVISED)"

In compliance with your request of February 6, we have reviewed the submitted legal description of the proposed boundaries of this annexation and report as follows:

1. This proposed annexation is a revision of "Southerly Annexation District No. 34" as disapproved by the Commission on December 3, 1958.
2. The boundaries conform with record lines.
3. Since not all of Lark Ellen Avenue adjoining the southerly portion of this annexation has been included, this annexation appears to be a violation of Section 35304.5 of the Government Code, which reads, in part: "---territory consisting of property abutting on a street, highway or road and such street, highway or road to the extent that it abuts such property together with any street, highway or road which connects such territory to the city may be annexed to a city pursuant to this article---".
4. No island or corridor of unincorporated territory is created by the boundaries.
5. Other boundaries are shown in relation to the proposed boundaries of this annexation on the enclosed map.
6. The legal description as submitted requires revision to provide definiteness and certainty in accordance with Section 35002 of the Government Code.
7. Because of item 6 above, we have prepared the enclosed revised description which we recommend that the Commission approve only as to definiteness and certainty and forward to the proponents.
